

Mexico Compliance Requirement Hydrocarbon & Petrochemical Decals

Are you ready for **Mexico's** new regulation?

Carriers transporting **hydrocarbons and petrochemicals** into or within Mexico must now display a **high-visibility reflective decal** that meets strict government specifications.

Failure to comply can mean costly delays, fines, or rejected loads.

Why **INPS**?

- ✓ **Compliant Materials:**
High-intensity microprismatic film, tamper-evident, chemical resistant
- ✓ **Long-Lasting:** 5-year outdoor durability, withstands extreme temps (-40°C to 80°C) & pressure washing
- ✓ **Visible Day & Night:** Clear in daylight, highly reflective at night
- ✓ **Bilingual Support:** English/Spanish service for cross-border operations

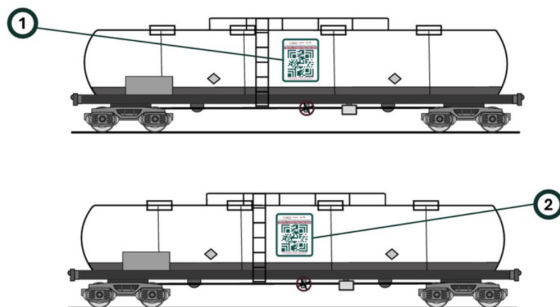

- ✓ **Exact Sizes:**
 - Tank car: 1.60m x 1.70m
 - Tanker truck: 1.20m x 0.80m(Other size options available)

Stay Compliant. Stay Moving.

Don't risk downtime.
Equip your fleet today.

**Anti-Graffiti
Option Available**

- ✓ **Fast Turnaround:** In-house manufacturing in the U.S., Canada, and Mexico
- ✓ **Mobile Installation Crews:**
INPS technicians can come directly to your equipment for professional decal installation
